I love the classic form and impressive blooms of the Bearded Iris in my garden. Immortality's flowers are perfection with their pure, satiny white petals tastefully highlighted with a light lemon yellow beard and deliciously sweet fragrance. This is not your ordinary white Iris! This variety is a superior rebloomer that has won top awards. I find the gray-green, sword-like foliage adds important structure to my garden even after the blooms are finished. It is ideal when planted in mixed perennial borders and cottage gardens. This Iris variety would be a superb cut flower in arrangements, and also attracts birds and butterflies. Hardy in Zone 3.
