'GOLDEN PRINCE'  
GOLDEN PRINCE EUONYMUS

## Euonymus fortunei 'Monce' PP3211 GOLDEN PRINCE EUONYMUS

FULL SUN TO  
PART SHADE

HEIGHT  
4'

WIDTH  
4'

BORDERS &  
GROUND COVER

LOW  
HEDGE

WINTER  
PROTECTION

I like the contrast this colorful evergreen shrub provides with its new foliage that is brightly edged in golden-yellow, maturing to green. The beautiful contrasting foliage adds extra splashes of color year round in the landscape. This low grower has a dense, spreading growth habit that is perfect when grown as a low border, hedge, or groundcover. Use it as an accent or in mass planting. Golden Prince prefers full sun or partial shade in moist, well-drained soils. Protect from winter sun and wind. Apply a 2-3" layer of mulch or organic material to conserve moisture and improve the soil. Hardy in Zones 4-9.
